

# *Reading and Interpreting Hebrews*

## *Training U Spring 2022*

### *Syllabus*

#### **I. Description**

During this semester we will study the book of Hebrews and consider how to read, interpret, and apply the book to our lives. The goal of the class is to better understand hermeneutics, reading a particular book of the Bible, understanding the OT in light of the NT, and drawing closer to Jesus through reading and knowing His Word.

#### **II. Text**

We will be reading “Exalting Jesus in Hebrews” by Albert Mohler. This book is a thorough study of the book of Hebrews with the right balance of academic insight and practical accessibility. You may also want to get an ESV Scripture Journal to use for the class. We will be studying the text of the ESV in class and you may enjoy having the space to take notes as you study during the week and during class.
